

The Rajasthani Foundation – Grant of charity policy

The Rajasthani Foundation (TRF) is proud of its charitable and community giving achievements, which bring potential benefits to people in Rajasthan. It is one of the core objectives of the Foundation and was laid at its inception.

TRF is committed to support social-economic welfare of the deprived Rajasthani community especially women and children at large. The Board of TRF wishes to help alleviate poverty, hardship and distress amongst women, children and the underprivileged mainly in Rajasthan focusing on education, health and ecology and is committed to the objective, both in letter and spirit.

In the past, TRF has financially supported various charities operating in Rajasthan, mainly for the following causes:

- delivery of the basic drinking water and sanitation needs of the rural people
- school for blind and orphans
- education to under privileged children & women
- education & rehabilitation of mentally challenged children

TRF wishes to continue to support the noble cause and expand its horizon by supporting other charities in Rajasthan. In the near future, TRF intends to make children's education the focal point with impact upon under privileged families as a whole.

The funds for the above noble cause would be raised by generous support and belief of its members. The funds raised will be distributed to charities in Rajasthan by the Board after a thorough examination of their needs, their stewardship and their success at meeting their charitable goals. The Board of TRF has laid certain guidelines and well defined procedures to select these charities.
